

POWER LUBES (INDIA)

POWER LUBES (INDIA) PRODUCT LINES

Manufacturer of:

Textile Lubricants | Grease | High Temperature Greases

Light Liquid Paraffin | White Oils | Metal Working Fluids

Synthetic Lubricants | Transformer Oils | Automotive & Industrial Lubricants

POWER LUBES INDIA AUTOMOTIVE PORTFOLIO

168/6(3) Dabhel Ind. Co. Op.Soc. Ltd., Dabhel, Daman - 396 210 (U.T.).

Customer Care No.:
9998577283

GEN SUPER

15W-40 API-CI-4 Diesel Engine Fluid

Power GenSuper 15W40 product is heavy duty, Hi performance, Multigrade engine oil suitable for turbocharged diesel engines & also petrol vehicles. It is made from hydro treated base stock oil & blended with multifunctional additives which extended periods between overhaul & cleaning. It is having successful performance in diesel engines & additive system also balanced to provide excellent resistance to corrosion, wear & thermal degradation which results to maintaining engine efficiency.

Available in: 1L, 3.5L & 5L

POWER CRUIZE

ACE 20W-40 API-SC/CC Premium Engine Oil

Exceeds US MIL-L-2104B, API SC/CC specifications. Recommended for use in all types of petrol & diesel vehicles such as cars, jeeps, bikes & LCVs.

High performance long drain engine oil with superior engine protection against oil thickening, deposits, wear & corrosion. Excellent lubricity & viscosity control at high temperature. High level of engine cleanliness. Significantly reduces operative maintenance cost. Catalytic converter compatible.

Available in: 1L, & 5L

CRUIZE PLUS

ACE 20W-50 API-SN HDF Heavy Duty Fluid

A Premium Multigrade 20w50 Oil Meeting High Temperature Level For Petrol Engines, the Oil Is Blended Together With High Quality Base Stocks And Selected Additive Packages, the Oil 20w50 Have Exceptional Thermal & Oxidation Stability & It Is Suitable To Use In All Seasons.

The Oil 20W50 Has Following Superior Benefits:

It Protects Against Engine Deposit, Rust, corrosion & Wear. Quicker Engine Starts & Longer Battery Life. Longerr Service Life & Oil Drains With High Degree Of Engine Cleanliness.

Available in: 1L, 3L & 5L

GEAR XP

80W-90 EXCEEDS API GL-4

It gives resistance to oxidation & can improve fuel economy. The synthetic base ATF fluid can be able to sustain its viscosity in a wide temperature range. Helps to extend transmission life. It prevents rust, corrosion and other deposits. ATF fluid extends the life of vehicles.

Available in: 1L, & 5L

COOLTECH

Superior anti-freeze qualities. Effective control on corrosion. Good chemical stability with a high boiling point. Easy water miscibility. Recommended for LCV's, trucks, buses & cars.

Available in: 1L

GEAR TECH

GEAR OIL

EP-90 / EP-140

POWER GEARTECH EP is extreme pressure heavy duty gear oil designed for extreme operating conditions. Exceeds API GL-4, MIL-L-2105 Specification. Recommended for use in Conventional Transmission & Hyoid Differential Gears & Rear axle drives.

Available in: 1L & 5L

ATF

(AUTOMATIC TRANSMISSION FLUID)

This transmission fluid is synthetic base blended with high grade selected additive. As per TES - 228 of Allison Transmission

It gives resistance to oxidation & can improve fuel economy. The synthetic base ATF fluid can be able to sustain its viscosity in a wide temperature range. Helps to extend transmission life. It prevents rust, corrosion and other deposits. ATF fluid extends the life of vehicles.

Available in: 1L, & 5L

GUARD XL 4T

SCOOTECH 10W-30

Guard XL 4T fluid is heavy duty high performance lubricant for late 4-stroke motorcycles. It is advantageous for start up of engine efficiency at low temperature. The multi functional additive package is blended with hydro cracked base oil protection at high temperature. Keeps engine components clean and maintaining efficiency. Increased oil service life. Provide oil consumption level.

Available in: 900ML
